

## Esperanza for Life™

*A Global Movement of Compassion and Impact*

**Led by the Theodora von Auersperg (TVA) International Foundation**

### **Vision & Purpose**

**Esperanza for Life™** merges philanthropy with social innovation, creating a **self-sustaining model of compassion** where healing, hope, and humanity converge.

The initiative's first tangible step — the **“Esperanza for Life” Center & Mobile Clinic Pilot in Plovdiv, Bulgaria**— will serve as a **proof of concept** for an international network of centers dedicated to animal welfare, child therapy, and community transformation.

By integrating **veterinary medicine, animal-assisted therapy, and education under one roof**, the project seeks to demonstrate that compassion can be both **sustainable and scalable** — restoring well-being, inspiring communities, and protecting life in all its forms.

## **Funding & Partnership Model**

**Estimated Year 1 Budget:** €500,000 – €1.5 million

**Operational Sustainability:** Targeted within 24–30 months

### **Funding Mix:**

- Founding Patrons Circle (major donors & sponsors)
- Corporate investors and CSR partnerships (equity, convertible notes, or in-kind support)
- Philanthropic grants & EU social innovation funding
- Revenue from clinic services, therapy programs, and wellness plans

The **TvA International Foundation** will remain the **majority shareholder** in the corporate entity *Esperanza for Life Corp.*, ensuring long-term mission alignment and transparency.

## **Impact Metrics**

### **Animal Welfare Impact**

- 300+ animals rescued and treated annually
- 85%+ adoption or rehabilitation success rate
- Monthly spay/neuter & vaccination campaigns reducing stray populations

### **Child & Community Impact**

- 100+ children in therapy and education programs annually
- Increased emotional resilience and empathy through measurable outcomes
- 50+ community volunteers and local partners engaged

## Environmental & Economic Impact

- 10–12 new local jobs created
- Minimum 30% of operational costs covered through service income by year 2
- Strengthened local economies and humane community development

## Visibility & Brand Impact
